

Whiteheads Welcomes New Property Lawyer

Whiteheads has just recruited a new Solicitor with over 20 years' experience in non-contentious work. Stephen Daniels worked for many years for major firms in London and Manchester and joins us from Myers Lister Price where he worked as an Associate in their Property department.

Stephen's appointment strengthens Whiteheads capacity to fulfil growing needs of our clients in the following areas:

- Acquisition and Disposal of commercial and mixed use developments.
- Financing Arrangements
- Freehold and Leasehold Advice
- Joint Venture Agreements
- Management Agreements
- New Build Developments for Shared Ownership
- Right to Buy/Right to Acquire
- Stock Transfers
- Training

With Stephen's experience in these areas, clients can be assured that they will have access to the right advice and expertise to achieve the results they want.

Stephen says "I am looking forward to helping Whiteheads expand the work we can do for clients and hope to forge strong relationships with the Social Landlords that the Company works with. Although the 'credit crunch' will clearly have an effect on people from all walks of life, the commitment is there from the Government and Landlords to invest in affordable housing. I will use my experience in major development projects to work with both our clients and my colleagues at Whiteheads to deliver service and add value".

Peter Whitehead, the Company's Managing Director, welcomed Stephen saying "Stephen's appointment as Property & Development Lead, gives us a great opportunity to further invest in our relationships with our clients and to help them invest in the future of their communities. We greatly look forward to collaborating on projects to achieve the goal of providing sustainable and affordable housing into the future".

In order to mark Stephen's arrival at the Company and to give him the opportunity to meet some of our clients, we will soon be arranging a number of **free seminars** covering relevant topics relating to Property and Development issues.

If you, or any of your colleagues would like to attend OR if your organisation would be able to host a Seminar, please let us know.

As of the New Year, we will also be publishing updates on Property Development News, so if there are any colleagues who you think would like to receive these, please let us have their details or ask them to drop us a line at info@whiteheadsols.co.uk.
